SPECIAL NOTICE!

For GARDEN SEED PRICES write for our SPECIAL OUOTATIONS

PREPARE FOR HEAVY DEMAND FOR

GOOD SEED OATS!

Good, HIGH-QUALITY, HIGH-GERMINATING SEED OATS will carry a premium this coming spring, because:

- (1) acreage restrictions on various other cash crops will undoubtedly increase the demand for GOOD SEED OATS.
- (2) the germination and quality of a large part of the oat crop harvested for seed this past season is below standard. We don't think there will be enough GOOD SEED OATS to go around. Many farmers will be forced to sow second-grade oats.

WE SUGGEST:

- (1) that you book your requirements with us NOW, while we still have a supply of HIGH-QUALITY, HIGH-GERMI-NATING SEED OATS.
- (2) that you advise your customers to buy their SEED OATS early.

WE RECOMMEND THESE THREE VARIETIES:

- (1) Clinton short-strawed, yellow out—for fertile or highly fertilized soils.
- (2) Mindo about 5 days earlier than Clinton—yellowish white seeded oat—for fertile soils—straw is shorter than Clinton and not as stiff.
- (3) Columbia early oat, about same maturity as Mindo—tall-growing variety recommended highly for low fertility soils. Very high-yielding and produces grain of high test weight.
